Summary Totals (explainer)

Summary	In this section you are required to review and confirm the summary totals for your entity's 2025-26 Legal Services Expenditure Report (LSER) based on what you entered in the Entry form sheet.
Summary Totals	The Summary Totals are calculated based on what you entered in the Entry Form. Total Legal Services Expenditure = Internal + External Legal Services Expenditure. Internal Legal Services Expenditure = Internal Legal Services Expenditure. External Legal Services Expenditure = Counsel Fees + Disbursements + Professional Fees (calculated from the total value of expenditure against each domestic provider entered in the Professional Fees section).
Expenditure comparison	Your entity's total legal services expenditure for 2025-26 is displayed below and compared with your entity's expenditure from the previous financial year. This allows you to see the difference in expenditure, which will help inform your commentary. Entities that have not reported before because they are new or have been the subject of Machinery of Government changes that substantially changed the entity, will display '0' expenditure for the previous financial year.
Commentary	Commentary is mandatory to complete. This information allows your entity the chance to ensure that AGD can understand trends and habits of legal expenditure within the Commonwealth to maintain the scope of the Whole of Australian Government Legal Services Panel, and provide insights to the needs of the Commonwealth in the future.

Summary Totals

Total legal services expenditure	$ 70,105
