

### Senate Order on Agency Contracts (Murray Motion) 1 January 2009 - 31 December 2009

Pursuant to the Senate Order on departmental and agency contracts the following table sets out contracts entered into by Cancer Australia which provide for a consideration to the value of \$100 000 or more and which:

- (a) have not been fully performed as at 31 December 2009, or
- (b) which have been entered into during the 12 months prior to 31 December 2009.

Most of the contracts listed contain confidentiality provisions of a general nature that are designed to protect the confidential information of the parties that may be obtained or generated in carrying out the contract.

The reasons for including such clauses include:

- ordinary commercial prudence that requires protection of trade secrets, proprietary information and the like; and/or
- protection of other Commonwealth material and personal information.

Estimated cost of complying with this policy: \$2,665

This estimate was achieved by calculating the total time involved in the collection, preparation of information to comply with the order.
