

Cancer Services Networks National Demonstration Program (CanNET) Evaluation Tool

Dissemination log

CanNET project details	Project officer's name:
	Project title:
	Lead agency:

This log is designed to be a record of how information about your project is shared with others. We are interested in all ways you shared information over the course of the project.

Please use the following codes:

Purpose of dissemination

1. Information may be shared with project stakeholders, such as steering committee members, management and staff of participating services, and groups or individuals in the local community. This type of dissemination supports the capacity building and sustainability aspects of the project.
2. Information may be shared with the cancer palliative care community, including clinicians, academics, managers, planners and policy makers. This type of dissemination supports the generalisability of the project.

Method of dissemination

1. Presentation or talk to staff at one service or agency in the local area (eg, talk at a staff meeting, during a hospital grand round)
2. Talk to staff from more than one service or agency in the local area (eg, talk at an interagency meeting)
3. Story in the local newspaper
4. Story or article in a local magazine or newsletter (eg, GP news, hospital newsletter, community agency newsletter)
5. Story or article in a professional or industry magazine or newsletter
6. Presentation or poster at a local conference
7. Presentation or poster at a State/Territory conference
8. Presentation or poster at a national conference
9. Peer-reviewed journal article
10. Information provided on a website
11. Radio
12. Television
13. Brochures, leaflets or posters in health and community settings
14. Project newsletter
15. Email communication to groups/lists
16. Other (please describe briefly)

CanNET is a Cancer Australia initiative, funded by the Australian Government

Date	Who did the dissemination?	Purpose (use code above)	Method (use code above)	Estimate the number of people who heard/read about the project	Did anyone hearing about the project follow-up seeking more information? If so, estimate number who did

Thank you for this information. If you need more space, please append an additional page/s

This tool is based on the Centre for Health Service Development's dissemination log:
